China Architects and Builders Compendium

An Indispensable Reference Volume

Nothing in Shanghai is changing more rapidly than its building. Its 1932 and 1922 sky lines might be those of different cities. With the present spectacular increases in land values and the development of new styles of architecture to meet this situation, a book such as this Compendium is a positive necessity for all Builders, Contractors, Architects and Property Owners, and of great general interest to the renting public.

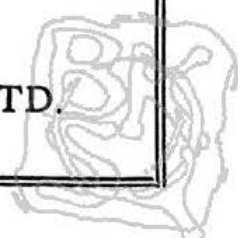

This latest edition brings all technical data concerned with every branch of building, architecture and property right up to the minute. It handles the material practically, clearly and from all angles—a book that saves its reader time and money.

China Architects and Builders Compendium

An Indispensable Reference Volume

Nothing in Shanghai is changing more rapidly than its building. Its 1932 and 1922 sky lines might be those of different cities. With the present spectacular increases in land values and the development of new styles of architecture to meet this situation, a book such as this Compendium is a positive necessity for all Builders, Contractors, Architects and Property Owners, and of great general interest to the renting public.

This latest edition brings all technical data concerned with every branch of building, architecture and property right up to the minute. It handles the material practically, clearly and from all angles—a book that saves its reader time and money.

China Architects and Builders Compendium

An Indispensable Reference Volume

Nothing in Shanghai is changing more rapidly than its building. Its 1931 and 1921 sky lines might be those of different cities. With the present spectacular increases in land values and the development of new styles of architecture to meet this situation, a book such as this Compendium is a positive necessity for all Builders, Contractors, Architects and Property Owners, and of great general interest to the renting public.

This latest edition brings all technical data concerned with every branch of building, architecture and property right up to the minute. It handles the material practically, clearly and from all angles—a book that saves its reader time and money.

Price Mex. \$5

Postage in China Ports 30 cents, Foreign Countries \$1.20.

THE NORTH-CHINA DAILY NEWS
AND
THE NORTH-CHINA SUNDAY NEWS

A newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper.

The "North-China" has its own staff of correspondents in the interior, and exclusive telegraphic services from London and from New York. It has written the history of China since 1850 and has always been the largest and leading newspaper in the country—both in content and circulation.

China Architects and Builders Compendium

An Indispensable Reference Volume

Nothing in Shanghai is changing more rapidly than its building. Its 1932 and 1922 sky lines might be those of different cities. With the present spectacular increases in land values and the development of new styles of architecture to meet this situation, a book such as this Compendium is a positive necessity for all Builders, Contractors, Architects and Property Owners, and of great general interest to the renting public.

This latest edition brings all technical data concerned with every branch of building, architecture and property right up to the minute. It handles the material practically, clearly and from all angles—a book that saves its reader time and money.

CANIDROME

IN THE WHOLE OF SHANGHAI

There is no more popular spot than the

CANIDROME

**The Place of Clean, High-Class and Concentrated
Entertainment**

**Greyhound Racing Every Wednesday and Saturday
Evening at 8.30, except during the months of
January and February, when Meetings usually
take place on Sunday afternoons at 2.30**

**HIGH CLASS DINING ROOM, BALL
ROOM AND CABARET**

INDOORS MINIATURE GOLF COURSE

The Canidrome premises are the finest of their kind in the world. They are commodious, convenient and comfortable and completely weatherproof. In the one place you can see Greyhound Racing which is unexcelled anywhere; you can dine, and be entertained by cabaret artists of a high order; and you can play miniature golf ("WEE GOLF") indoors on a course which is the last word of its kind.

For greyhound race meetings, the entrance is \$1.00 to the guests stand and \$0.50 to the public stand.
